

# Mousa Ahmed

## FRONTEND DEVELOPER

Cairo, Egypt • [Moussa.abdelghany@gmail.com](mailto:Moussa.abdelghany@gmail.com) • +20 114 052 2606 • [github.com/MoussaAhmed1](https://github.com/MoussaAhmed1) • [linkedin.com/in/mousa-ahmed](https://linkedin.com/in/mousa-ahmed)

## PROFILE

Frontend Engineer with 2+ years of experience specializing in **Next.js** as a primary framework and **Angular** as a secondary framework. Experienced in building responsive, intuitive web applications and integrating with backend APIs. Strong ability to transform complex designs into dynamic interfaces, with hands-on experience in Agile environments and collaboration with designers and backend teams. Focused on clean code, efficient problem-solving, and continuous learning.

## PROFESSIONAL EXPERIENCE

### Frontend Developer — Smicolon GmbH (Remote)

March 2025 – Present

- Building high-performance, scalable web applications using **Next.js** and **TypeScript**.
- Using **SSR** and **SSG** for optimized user experience and performance.
- Integrating **Headless CMS (Strapi)** and implementing form validation with **react-hook-form**.
- Delivering pixel-perfect UI from Figma designs; enhancing UX with Tailwind animations and motion libraries.
- Applying **SEO best practices**; collaborating in a Scrum environment using Linear.

### Frontend Developer — AlexApps (Remote)

April 2023 – February 2025

- Built real-time dashboards using **React + TypeScript** and scalable UI components with **Material UI**.
- Delivered multi-language apps using **Next.js + Tailwind**; integrated APIs with **React Query & Axios**.
- Implemented **payment gateways** and real-time features via **Socket.io**.
- Used **Yup, Zod**, and **react-hook-form** for robust validation.
- Delivered solutions across e-commerce, expense management, and corporate platforms.

### Freelance Frontend Developer

December 2022 – Present

#### Zain Seeds — Vue platform

- Built with **Vue, Pinia, PrimeVue, Vue Router**, and **Vue-i18n**.
- Implemented role-based permissions, sales workflows, and a loyalty system; improved UX with animations.

#### NADNEE Dashboard — Saudi school-pickup platform

- Built with **Next.js + TypeScript**; real-time notification system for school pickups.
- Authentication with **NextAuth**; multi-language with **Next-Intl**; validation with **Zod + react-hook-form**.

## EDUCATION

### B.Sc. Electronics & Communications Engineering — Menoufia University, Faculty of Electronic Engineering

2017 – 2022

Grade: Good · Graduation Project: Excellent

## TECHNICAL SKILLS

Languages & Markup: HTML5, CSS3, JavaScript (ES6+), TypeScript, SCSS

Frameworks & Libraries: Next.js, React.js, Angular, Vue, Redux, NgRx, React Query, NextAuth

**Styling:** Tailwind CSS, Shadcn UI, Material UI, PrimeVue

**Testing:** Jest, Jasmine, Mocha

**Concepts:** OOP, Data Structures & Algorithms, SOLID, Design Patterns, Clean Code, REST APIs, Agile

**Realtime & Forms:** Socket.io, react-hook-form, Zod, Yup

**Tools:** Git, GitHub, Firebase, Jira, Linear, ClickUp, Clockify

**Design:** Photoshop, Illustrator

## **PERSONAL SKILLS & LANGUAGES**

---

**Soft skills:** Decision making, time management, self-motivation, effective communication

**Arabic:** Native    **English:** Professional proficiency
